“ We so loved Carol, and shocked to see this. She and Joe always called each other, “brother and sister from another mother” we recently had a long conversation with her and she was so happy in her apt. down the shore. She and Joe drove the school bus together for City of Vineland, they had some stories about trips to Philly with the students. Margie, we know you well and so sorry. Every one of her kids, we feel we know, she has told us all about you. She loved her visits to the mountains to visit her daughter. She relaxed and read a book. Our prayers are with you all. We sure will miss laughing and talking with Carol. She was very special and we love her.

“ I am so sorry to read about the passing of my friend
I will always remember the good times and some not so good
You will always be in my heart
God is there for your family
I feel and praying all will be well for the entire family
