“ When Atiah was a little girl, she would bring Javi with her and they used to come over to my house as we lived next door to each other and she would ask me if I had extra hot chocolate that they could have, of course they knew I ALWAYS had hot chocolate , I would give them each a packet to take home and she then asked if I had any cheese(?) cheese I said, and she would say, yeah, for the hot chocolate, I would cut them each a piece of cheese and tell them they could drink that at home!! I have known her since she was 6, spunky and always with the smiles.. I had the pleasure of watching her grow into a beautiful young woman, it breaks my heart as I know the world is now a little darker without her in it.. My heart goes out to the family as well, they are like my extended and I wish I could take away their pain, Praying that the Good Lord Blesses them all with peace, comfort and strength to help them through these coming days, weeks and months, may your memories of Atiah and the company of her beautiful daughters help you through..
