“ *My condolences to the family.
I was going thru some of my grandfathers papers and found his baptismal army record containing the name Berton Johnson PVT as his godfather. I thought is was possible it could be your family member as this was in California and your memorial contains info that he served in that area as well. Just thought it was something to share from Arthur Samuel he was my Grandfather served in the army in California,the heavens are celebrating their days ,i would like to think they are looking out for each other there now
My sincere condolences for your family's loss
