“ My life was made more complete by having a period of time when I was fortunate enough to work with Don. The world would be a much better place if we could duplicate Don’s personality and the personal way he treated all he came in contact with during his lifetime. I thank God for giving us just a wonderful person ! George H.

I will always refer to him as Mr Patt. He was the epitome of a gentleman in all manners and at all times. He obviously loved life and all that tremendously successful business career afforded to him.. Travel yes but always family first. The warm smile, firm handshake and welcoming voice was one of his many charming characteristics. Don left a positive impact on all that we’re lucky enough to get to know him. Count me among the luck many. Rest in peace my friend.
