Bryan- Thank you for posting these wonderful photos of Rich. Rich taught chemistry (and life lessons) to my son at EAHS. And later I too joined the chemistry faculty at EAHS, with my classroom next to Rich's during my first year. Many former EAHS students have told me that they became chemists or other scientists because of Rich, and/or that he was their favorite, most supportive, and most caring teacher. And so many of our faculty and other staff appreciated Rich's funny and cheerful personality, helpful and caring for all. We're so glad that he was in our lives. Our thoughts are with you. -- Crafford Harris
