“ I first met Scott when I came to work for Air Products in 2009 when he was the Business Manager of the Adhesives group in Polymers. Scott was professional, so personable and welcoming. It is quite sad to hear of his passing. My thoughts and prayers go out to his family and friends. He will be missed very much. Randy Lorenz (Wyomissing, PA)

“ I first met Scott in 2006 at Air Products. Scott was not just a colleague but a good friend as well. My husband and I went to events, festivals and dinners with Scott and Mary throughout the last 17 years. Scott has touched so many lives both personal and professional. He had a way of making everyone laugh when you were with him and the most generous person I have ever had the pleasure of knowing. We are truly sad by this loss and will miss both Scott & Mary but fortunate to have so many good memories of our time together. Scott has made not just a difference in my life, but for all the people that were lucky enough to know him. He will truly be missed and thought about often.... Dianne Wysong (Allentown, PA)
