“ I was so sad to hear of the passing of Selma. Not only was she a new "neighbor" to my mother at Country Meadows, but I had the honor of helping her move from her home into her apt. I loved her laugh and her quick wit. She asked me to do the shopping for her new furniture and she was so easy to please! She is already being missed by her new friends at Country Meadows and my staff is so very sorry to hear that she is no longer here. All of us at Senior Moves by Design send our condolences to Robbie and her brother (who created such amazing art in her home!)

“ May Selma's memory be a blessing to us all. Wishing my extended family the gift of strength, and tears. I met Selma once, at my Aunt Roz's funeral. I found her to be quite a dynamic woman, and I could immediately tell that she and I were connected.

I was very lucky to know Selma. I was friends with her daughter Robbie for a number of years and then got to know Selma and got closer to her the last few years. I always enjoyed her company. She was always delightful. She had the cutest laugh that I loved to hear. She would always tell me exactly what she thought which I found refreshing. When we got together and would go out she always looked so nice. My life will not be the same without her in it. She was like a second mother to me. I love and will always miss her. ❤️
