“ To all of Tammy's family my sincere heartfelt condolences, I knew Tammy from working at Cornerstone Living, I didn't know of her passing, I came across of the notice just recently, as I read it the tears and sadness came upon me, then later I remembered all of the happy times working and knowing Tammy. Tammy, I will always remember your laughter and smile, your blanket you gave me for Christmas lays upon my bed, also the hot chocolate Santa mugs I display through the holiday season. Most people may have only got to know the sometimes rough exterior Tammy, I thankyou for letting me get to know the softer, gentler side of you, when we went shopping at Wal-Mart, for things for your bedroom, especially picking out " Hello Kitty", you loved pink. I learned alot from you working along side of you, your deep caring and love for your residents, I know heaven has a special angel, still caring who are in need, I will think of you with a smile, and remember you always, your light still shines bright, thankyou, Denise Molo
